Dear Future Fourth Graders,

We have heard of your hard work this school year, and we are looking forward to working together in September. This summer, be sure to spend time outside having fun with family and friends. It is important that you also keep your brain muscles strong, so be sure to **read each day and keep a journal as you will use it to write about your summer experiences.** *It's always best to have textual evidence to support your personal narrative.*

This year we are also assigning our students to **go online to iready** where you can practice your **ELA** and **Math** skills. For all students entering into **Grade 4** it is important to log into iready for **20 minutes a subject ELA and Math** at least three times (3X per) a week.

iready Login: <https://login.i-ready.com>

As writers, it is important to be surrounded with the **English language** this summer. We suggesting that you also plan some time to watch on-line or on the TV....**yes watch TV.** Try to make this part of your daily routine...if possible. Check out some television shows to stimulate your mind and language skills (conversational English) such as: Magic School Bus (PBS or Netflix), Cyberchase (PBS), Carmen Sandiego (PBS or YouTube), and Bill Nye the Science Guy (Netflix).

We have many new adventures planned for our year together. Enjoy your summer!

All the Best,
Fourth Grade Teachers
